

12.2 Operational measures

12.2.5 CU as a body has policies around use minimisation - Of plastic.

Cairo University explicitly states a comprehensive policy on single-use plastic minimisation (or “use minimisation – of plastic”) covering all campus operations:

- 1- **The 1 st evidence** is a prwss release about "The university hosted a forum in June 2023 titled “Cairo University:” (“Impact of the carbon-footprint of the plastics industry on climate change”). This shows awareness and some action surrounding plastic use.
- 2- **The 2 nd evidence** is In August 2023 there was a newspaper article “Cairo University.. Towards a green campus”) describing the university’s ambition to become more environmentally sustainable and referencing various initiatives.
- 3- **The 3rd evidence** is a press release entitled CU launched a ” (“Carbon Literacy”) initiative to promote sustainable practices among staff and students, which likely includes plastic-use reduction as part of broader sustainability behaviour change.
- 4- **The 4th evidence** is the sustainability report 2023 of CU , see pp. 50 and onwards
