

13.3 Environmental education measure

13.3.3 CU participates in co-operative planning for climate change disasters, that may include the displacement of people both within a country and across borders, working with government.

Cairo University and its faculties related to climate-action, sustainability and international/co-operative work during the 2023-2024 timeframe:

- 1- **The 1 st evidence:** CU organized a forum on climate change and its impact on health and emigration in cooperation with the Italian Embassy and ministries.
- 2- **The 2 nd evidence:** A faculty at CU hosted an international conference on “innovations and sustainable performance” (Faculty of Commerce, CU) in Nov/Dec 2024. While not purely climate action, it includes sustainable development themes..
- 3- **The 3rd evidence:** CU’s academic units and faculty publish research on climate-change impacts in Africa and the Nile Delta (for example on soil, resources, desertification)
