

13.4 Commitment to carbon neutral university

13.4.1 CU as a body has a target date by which it will become carbon neutral according to the Greenhouse Gas Protocols.

Cairo University intends to become carbon neutral in accordance with the Greenhouse Gas Protocol:

1. **The 1 st evidence:** CU the **2024 Sustainability Report** for CU includes a statement: “As part of the University’s Climate Action Plan, our long-term objective is to achieve carbon neutrality by **2050**, with the intermediate goal of reducing GHG emissions.”
2. **The 2nd evidence:** The **2023 Sustainability Report** (and other sources) mention that CU’s ambition is to “achieve zero carbon emissions” in the medium/long term.
3. **The 3rd evidence:** A **press release** entitled "Cairo University launches "Carbon Literacy" initiative to promote sustainable environmental practices".
